Attached is the EPA's transition memo and a memo on agency accomplishments. Let me know if there's something else you're looking for that would be helpful.

Hi all,

We should figure out a pre-meeting on this; it turns out their lobby day is actually February 16th, [REDACTED]
[REDACTED]
[REDACTED]

My understanding is that environmentalists also want to introduce a big energy bill this year, which they mentioned to Director Kim at their lunch today.

Myself and Emily should both be in Springfield this week, and I'm looping Jeanine who handles my schedule to find us at time. Please excuse in advance any hiccups, we're figuring out scheduling logistics here on the fly.

Hi Christian,

The folks from Stop Sterigenics would like to meet with you during the first week in February and asked me to reach out to you to see if you would be interested in a meeting. I believe that they are planning on a lobby day in Springfield on February 6, but also their leadership team could meet in Chicago.
